**ADDITIONAL INFORMATION AND/OR BACK-UP:**

After collaboration between PBK Associates and the SBISD design committee, Wilchester Elementary teachers and staff, the Board is being asked to review our recommendation for the Schematic Design/Design Development phase for the new Wilchester Elementary school. A two story design is being proposed because of the limited site restraints. Upon approval by the Board of the Schematic Design/Design Development documents, PBK architects will begin working on the Construction Documents so that we can bid this project.

Supplemental documents will be provided under separate cover.
