CW  
(LOCAL)

NAMING / RENAMING  
FACILITIES

The Board has sole discretion to name or rename facilities. Only the whole of a facility or campus may be permanently named. An existing identifiable facility shall not be fragmented by renaming portions of the facility. A minimum of five votes of the Board shall be required to rename an existing facility.

AUTHORITY

FACILITIES DEFINED

For the purpose of this policy, a facility is defined as:

1. A school campus building, permanent or temporary.
2. Structures related to a school building.
3. Athletic fields and facilities.
4. Any other building or adjacent area that is the property of the District and the Board.

NAMING / RENAMING  
PROCEDURES

Any person may propose to name or rename a facility by submitting an application to the associate superintendent of operations who will review the application with the Board's facilities liaison. [See CW(EXHIBIT)]

PUBLIC REQUEST

If the application is correct and complete, the request shall be forwarded to the appropriate campus CIT team. If the facility has no CIT team the request shall be forwarded to the facility's administrator. If the campus CIT team or administrator agrees to the request, the team or administrator shall arrange for a public forum on the matter at a time and place that is convenient for the public. The forum shall be well publicized.

If independent CIT teams coexist in a facility, then all independent CIT teams shall approve the request and conduct a joint public forum.

If the CIT team(s) or administrator and the public forum strongly support the proposal, evidence of that support shall be forwarded to the Board's facilities liaison who shall assist with the preparation of an agenda item for final consideration by the Board.

BOARD REQUEST

The Board may propose to name or rename a facility at any time. The facilities liaison of the Board shall coordinate a well publicized forum and gather public input on the proposed change. Evidence of public support of the proposal must be shown before Board action is taken.

NAMING / RENAMING  
STANDARDS

The following guidelines shall govern the naming or renaming of facilities. The name may reflect:

1. The descriptive geographic location or the street on which the facility is located.

The name chosen should lend prestige and status to an institution of learning. Nominees may be living or deceased; however, greater consideration shall be given to persons who are deceased.

A name shall not be considered if it is already in use by another school or similar facility Harris County. This shall not apply to any District facility prior to January 2005.
