Additional Information and/or Backup:

Spring Branch ISD has participated for the third year in an Energy Efficiency program called Texas SCORE and has qualified for \$16,576.00 in rebates for energy efficiency in facility improvement projects over the 2008 calendar year.

The SCORE (Schools Conserving Resources) Program is in its third year offered through CenterPoint Energy to select school districts to help improve energy efficiency and reduce schools energy operating costs. CLEAResult Consulting is implementing the program for CenterPoint Energy.

Incentives are paid by CenterPoint Energy at \$185 per Peak Kilowatt of energy saved. The Public Utility Commission of Texas provides the mechanism for calculation energy savings achieved. The incentive dollars will be used to implement more projects that will reduce the energy consumption of district facilities.

ClearResult and CenterPoint representatives would like to present this check to the District at the January Board meeting. This will result in Spring Branch ISD receiving its third check in three years of SCORE participation (\$26,818.90 in Jan. 2008 and \$15,600.00 in Jan. 2007)
