

“We thank our SBISD community for strongly supporting our students and teachers through your generous gifts of time, talent and resources. You inspire success, shape lives, and help us reach our goals.”

Duncan F. Klusmann, Ed.D.
Superintendent of Schools

Five-Year Plan Goals

- Post-secondary success for all students
- Enriched and relevant curriculum
- Ethics and character development
- Student engagement in school-sponsored activities
- Culture of safety and respect
- Responsible use of resources
- Engagement of parents and community
- Employer of choice

Community Relations Department

This list is based on campus partner lists as of January 2010. Please accept our sincere apologies if your organization provided active support and was not included in this list. Contact the SBISD Community Relations so we can be sure you are included next year.

SBISD VOLUNTEER PROGRAMS

The SpringBoard Mentor Program is the umbrella for community supported, campus based mentoring in SBISD. Winner of the National Civic Star award, the Texas Association of Partners in Education Crystal award, and Texas GEAR-UP Featured School-based Mentoring Model, the SpringBoard Mentor Programs support over 600 students across 23 SBISD campuses. Hundreds of children are waiting for a mentor! Volunteer today!

The SBISD Collegiate Challenge Mentor program engages community members as mentors to assist high school juniors and seniors with career exploration and the college and scholarship application process to make higher education a reality. A Texas High School Exemplar Program, Collegiate Challenge was named a STAR award winner by the Texas Higher Education Coordinating Board. The programs operate on all SBISD high school campuses. Help a child get to college today!

SBISD Tutor Programs provide extra academic support for students in need across SBISD. Our literacy tutors are supported by a nationally recognized volunteer training and resource model. Tutors are needed at all levels and in all subjects. Whether you can tutor weekly all year or just for a few weeks, our students need what you know. Share your expertise today!

Junior Achievement - Students in all grade levels benefit from volunteers sharing their time as Junior Achievement classroom volunteers. With as little as 5 hours to give, you can bring to life the free-enterprise system as a JA volunteer. Training is provided. Encourage entrepreneurship. Spark a child's imagination and be a JA Volunteer!

Texas Scholars - It only takes an hour to show a child why investing in himself or herself to make the most of the high school years will reap benefits for a lifetime. Texas Scholars presenters give classroom presentations to 8th graders in May about high school and beyond. Training is provided. Motivate students to be their best!

Campus/Classroom/Special Programs Have time or expertise to share? Campuses need volunteers to help in a variety of one-of-a-kind ways, from maintaining flower beds to career day speaking, to serving as an art museum docent to helping with registration on the first days of school. If you want to help, we want to help you match your time and talents with a school or department in need.
