

**Spring Branch Independent School District
Agenda Item Information**

Date of Board Meeting: January 21, 2008

Subject: Request for Approval of Elementary Mathematics Textbook Adoption Committees

Administrator Responsible:

Name: Jennifer Blaine, Ed.D.

Position: Associate Superintendent for Curriculum & Instruction

Purpose of Agenda Item:

Information only Action needed Report

In accordance with Local Policy EFAA (Local) INSTRUCTIONAL MATERIALS SELECTION AND ADOPTION, I submit the committee members on the attached page for Board approval.

The State Board of Education approved a list of textbooks for adoption for elementary mathematics. At the March 2008 board meeting the committees will submit selected textbooks for Board approval for kindergarten and grades 1 through 5.

Schools will have equal votes on each selection committee. Majority selects.

The committees will meet weekly beginning January 22, 2008, until a selection is made. (Ten years ago it took committees from three to five meetings to select a textbook.) Committee members will have textbook review assignments to prepare for each meeting. For every two hours of meeting they will be awarded four hours of professional development credit. Meetings will be scheduled for two hour blocks of time after school.

It is critical that teachers drive the selection of instructional materials and that every school is represented to ensure that we address the needs and concerns of all students in the district.
